- Programming/Timer Enhancements: ShowView

Power
- Power supply: 220-240V, 50Hz
- Power consumption: 17 W
- Standby power consumption: 2 W

Accessories
- Included Accessories: Remote Control, RF cable, 2 x AAA Batteries, World Wide Warranty leaflet, Quick start guide

Dimensions
- Set dimensions (W x H x D): 430 x 78.5 x 265 mm
- Set weight: 4.2 kg
- Packaging dimensions (W x H x D): 513 x 166 x 372 mm
- Weight incl. Packaging: 5.94 kg

Product highlights

Direct Dubbing
Having a Direct Dubbing button allows for the user to start recording from the DVD disc without complicated menu system selection or input/output selection for separates.

Multi-disc formats

Multi-media formats

Progressive Scan
Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.

ShowView
With the ShowView system, all you need to do to program your video recorder is to enter the ShowView number – a single code of up to nine digits (but usually less) that is printed next to each TV program in most TV guides.

Unified Remote Control
The remote control has DVD and VCR functions, thereby providing you with the convenience of a two-in-one system in a combi set.
